DetectaHotel recognizes La Posada Azul among the best accommodations in Nicaragua

San Juan del Sur, 6 September 2019- DetectaHotel, the accommodation comparator with offices in Barcelona, London, Dubai, Bangkok, Seoul and Sydney, has begun an extensive evaluation that includes the different types of accommodation in Nicaragua. This evaluation has consisted of gathering data from millions of customer reviews, and translating them into an Official Recognition of Excellence.

The Recognition of Excellence of DetectaHotel is not a ranking but a group of outstanding accommodation chosen based on strict criteria. To be considered, owners must meet a number of criteria:

- At the time of trial, the property is valued at 8.5/10 or more, with a minimum of 100 guest reviews on the DetectaHotel website.
- We were unable to detect any notable customer service issues, or any recurring or unresolved issues.

In addition, DetectaHotel is also taking into consideration the way in which hotel employees responded to the Recognition of Excellence team, demonstrating their commitment to providing quick assistance.

Posada Azul boasts a high satisfaction rating among its customers and travel industry experts, having received 439 reviews and an impressive average rating of 9 out of 10.

The property manager said:

"Insert your comment here"

"We are very happy to be working with the best accommodations in Nicaragua and La Posada Azul is certainly among them," said Alberto Castellucchio, Regional Manager at DetectaHotel for Latin America. "What is different about Recognition of Excellence is the way information has been collected and analyzed: it all depends on the customer and their experience with that particular accommodation."

"With DetectaHotel, 30 million people are finding the best deal available online every month. With this recognition, we would like to make it even easier for travelers to identify the best accommodation in customer service and therefore the best value for money."
